

CAN I COMBINE SCIENCE AND BUSINESS IN A SINGLE JOB?

YES.

We'll show you how at Fraunhofer IIS.

The Fraunhofer Institute for Integrated Circuits IIS has an immediate opening in its **AudioLabs** department in **Erlangen** for

Student Assistants (m/f) for Virtual Reality / Media Production Experiments

AudioLabs is a joint institution of Fraunhofer IIS and Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU). Founded in 2008, it is unique worldwide in both, its mission and international approach: A team of globally-renowned scientists is working to shape the future of audio and multimedia technologies in research areas such as audio coding, audio signal analysis and perceptual spatial audio signal processing.

Do you have programming experience in C#/C++ and are interested in Virtual Reality and Media Production?

Then we have the right position for you:

You will program VR scenes and interfaces and support us in setting up hardware and experiments.

Your profile: You ...

- are studying computer science or similar
- have programming experience in C#/C++
- are interested in Virtual Reality
- are interested/skilled in Graphics or Machine Learning
- are acquainted with Python, Unity or other scripting environments
- speak English or German fluently

What you can expect from us

- An **open and cooperative** working environment
- Collaboration in **interesting and innovative projects**
- Many opportunities to gain **practical experience**
- **Part-time** student assistant positions are available

Lab Setup at Fraunhofer IIS © Fraunhofer IIS

We can also offer you the opportunity to complete a study or graduate thesis in conjunction with our institute in one of the aforementioned fields. The thesis will be assigned and carried out in accordance with the rules of your university. For this reason, please discuss the thesis with a professor who can advise you over the course of the project.
